I just want to check again on this. As you can see it shows Stephanie U'ren bills that pertain to her are under CFHS.

This is part of the org chart change. I think it is going to present questions from others and does Stephanie know this as well?

I am fine either way.

**Subject:** Updated list

As promised, we have updated each tracked bill with the committee assignments. A few bills of interest have already been heard and voted on in committee. You will see those updates tracked under status. The best way for each of you to organize your lists of interest will be to sort by the chief column. We will continue to send weekly updates via Irene to all staff, but please feel free to share with those staff you identified as being the agency lead. We will also send each of the updated excel tracking list on a weekly basis.
